

1D: Continual Playing of the DVD

Looping show of the DVD at a coffee hour after Sunday Mass

This is a suggestion for using the 29-minute *Vocation to Love* DVD on marriage in a social setting after Sunday Mass or other parish gathering. The intention is to reach people who might not otherwise come out to an event featuring the DVD. The hope is to convey some information (even if the viewers catch only a few minutes of the DVD) and perhaps kindle an interest in learning more about marriage.

Please see the supplementary items #5 and 6 for participant take-home materials.

Suggested Set-Up for Looping Show

- Set up a DVD player and screen (or computer, projector, and screen) in common area used for a social gathering
- Set up chairs and maybe tables in front of the screen
- Put out take-home materials for interested parishioners

Check-list for facilitators

- Choose an appropriate social event at which families gather
- Reserve room and arrange for TV, DVD player, and chairs
- Photocopy take-home materials (item #5 and maybe items from #6)
- Place take-home materials in a convenient and visible place for parishioners
- Arrive 30 minutes early to arrange chairs and set up
- Set DVD player to continuous loop, if possible
- Be prepared to restart DVD every 30 minutes if you cannot set up the DVD to loop continuously
